

August 1, 2011

Dear Partner,

Upsite Technologies, Inc.™ (formerly Triton Technology Systems, Inc.) is proud to announce that KoldLok® products are compliant with Directive 2002/95/EC of the European Parliament and the Council on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS).

To the best of our knowledge, KoldLok products do not contain the following banned substances: lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) or polybrominated diphenyl ethers (PBDE).

In preparing this response, Upsite Technologies has relied in part on information supplied by our suppliers. While we believe this information to be accurate, we are not responsible for inaccurate information provided by our suppliers.

Should you require additional information, please contact me at 888-982-7800.

Regards,

Erez Borowsky  
V.P. of Product Management  
Upsite Technologies, Inc.
